ABOUT ASGS

ASGS is a Global Education initiative introduced by the Education Centre of Australia (ECA) to bridge the gap between students and their accessibility to world-class standards of International Education. We provide high-quality higher education and various certifications of global standards from the world's leading universities to students at our International Campuses, Indian Campuses and Online.

ABOUT ECA GROUP

ECA is a **leading private higher education group**, originated & founded in Australia, which owns several higher education brands spread across - Sydney, Brisbane, Melbourne, Perth , Parramatta regions. With its **latest campuses set-up in the UK region, ECA operates out of Australia, Europe, China, Philippines, Brazil, Nepal and India** to take in around **15,000 students** into its campuses annually from 50 different nationalities.

Founder-led business with over 2 decades of operations & Diversified operating model across 4 verticals

- University campus partnerships
- Private higher education
- VET, Professional and pathways
- ECA Online

WHY ASGS?

Variety of Specialization

The ASGS Global Bachelors lays the foundations for a wide range of specialisations in the popular areas of Business (including Commerce, Accounting, Marketing, HR and Business Analytics) and IT (including, AI and Machine Learning, Robotics, Data Science and Cyber Security)

Global bachelor's degree

Achieve a globally recognized standalone qualification credited to your global bachelor's degree. This qualification is internationally accredited, enhancing the value and recognition of your academic accomplishments. It stands as an independent certification, highlighting your expertise and specialization in a specific field.

6-month intensive study plan

Our cleverly designed intensive study plan enables you to complete a year's worth of study in just six months, allowing you time for internships, work or other study opportunities. And you get a full year's credit to your overseas university, meaning you go overseas quickly.

Reduced Living Expenses

Save on both your first year fees and your living expenses by starting in India and then progressing straight to Year 2 of your Global Bachelors. This approach means you get the benefits of high quality international education but at a much reduced cost.

Best of both worlds

Begin your educational journey in your hometown before seamlessly progressing to the second year of your global bachelor's program in Australia. By starting locally and then moving to Australia, you can adapt to the academic and cultural aspects of studying abroad more comfortably. This approach offers the best of both worlds.

Cost Benefit

ASGS makes achieving your study goals and career aspirations possible, offering an internationally recognized qualification at an affordable cost. On average, students who enroll in the Global bachelor's program save approximately AU \$40,000 (INR 20 lac) on the overall cost of their bachelors degree.

International Faculty throughout

Right from the start, you establish a connection and receive mentoring from the esteemed faculty and staff of your chosen destination university. This valuable support begins at the outset of your academic journey, ensuring you have access to guidance and expertise from experienced educators.

Prepare for Global Learning

The carefully crafted curriculum ensures that you are well-prepared and primed to adapt seamlessly to a new country, culture, and learning environment. Through its thoughtful design, the curriculum equips you with the necessary knowledge and skills to thrive in diverse settings.

HOW DOES ASGS WORK?

*Complete your first year with us online or
at our Indian ASGS study centres*

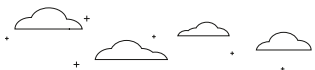

*Resume your second year
with a university abroad*

STUDY GLOBAL THE SMART WAY

ASGS is the smartest way to study your Global bachelors, offering low-cost but high-quality curriculum that has been specially designed to ensure you are connected to your overseas university from day one, even though you are studying from home

You start your studies in your own town before progressing straight to the second year of your global bachelors in Australia.

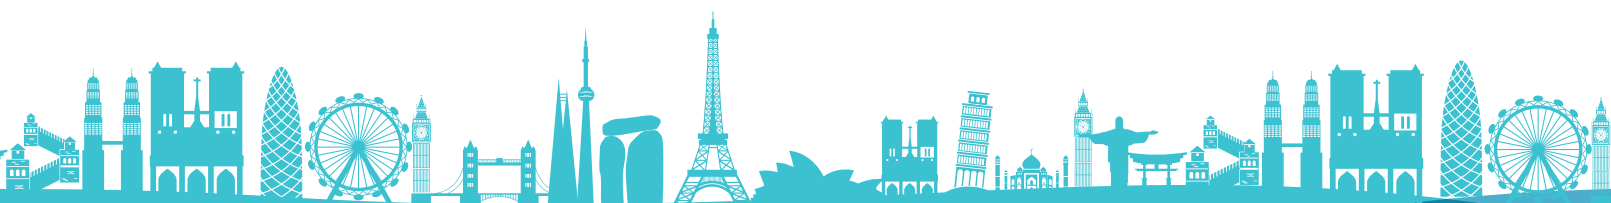

You are connected to and mentored by faculty & staff of your destination university from the very beginning.

You earn a foreign degree at a lower cost than studying abroad for the entire duration of a program.

Our carefully designed curriculum ensures you are better prepared and ready to adapt to a new country, culture, and learning environment.

ASGS – an incredible journey to premium world-class education!
